"Do's and Don'ts"

Modesty is still the noblest of virtues. Neither poverty nor the handicaps of race and color should ever permit us to be lax in our vigilance.

"Do's and Don'ts"

DO USE GOOD TABLE etiquette. Some have said that you are ***WHAT*** *you eat. However, remember that they say you are* ***HOW*** *you eat.*

"Do's and Don'ts"

YOU USUALLY TRY on dozens of hats before you find THE one, so DO be careful that your handling doesn't soil the merchandise. Greasy hair and dirty hands soil hats. Use sample hats when requested.

"Do's and Don'ts"

Do have patience. The war has caused many businesses to be understaffed. You aren't always being deliberately ignored.
